Brooklyn and St. Louis Break Even Boston and Louisville Even Up-Chicage Wins and Looss-Cinciumati Looss to the Quakers-Baltimore Falls Down.

The Raltimores lead the race this morning by sixty-one points. They defeated the Pittsburghs again yesterday, while the Cincinnatis lost their third straight game to the Philadelphias. As the Cievelands broke even with the New Yorks, they gained a little on Ewing's men, who are now only twenty-one points ahead of them. Boston won and lost with Louisville, and the two games played by Chicago and Washington resulted similarly. Brooklyn won the first game from St. Louis, but lost the second. If the New Yorks should win three straight games from the Cincinnatis in the series beginning to-day. and Tebeau's Clevelands should take three from Brooklyn, Ewing's men would have to surrender second place. But such a change is improbable just at this stage. The results: Cleveland, 6; New York, 2 (first game).

CLEVELAND, 6; NEW YORK, 2-FIRST GAME. Left-handed Seymour pitched fine ball in the first game with the Clevelands at the Polo Grounds yesterday, but he couldn't pull out a victory because of ragged support and the New Yorks' inability to hit Cuppy effectively after the first inning. A muff by Connaughton in the wixth inning was solely responsible for one run, and an excusable error by Davis in the eighth. with two out, was followed by four tallies, which won the game. Wilson's poor throwing to second and his failure to cover the plate once also did considerable damage. Van Haltren, tileason, and Joyce played fast ball for the home team, while Telean and Childs carried off

cileason, and Joyce played fast ball for the home team, while Tebeau and Childs carried off Cleveland's honors.

The New Yorks scored two runs in the first inning. Van Haltren singled, Tiernan received a base on bails, and Gleason sacrificed. Joyce's base hit was well knocked down by Childs, who threw the ball over Zimmer's head in an attempt to catch Tiernan at the plate. In the second, with two men out, Tebeau drove a clean hit to centre, ran all the way to third on a wild pitch, and, as Wilson left the plate uncovered, Patry hustled right in with the visitors' first run. The score was tied by Cleveland in the sixth. McAleer received four balls after two were out, stole second, aided by Wilson's poor throw, and scored on Connaughton's bad muff of O'Connor's easy fly.

With two men gone in the eighth, Davis missed O'Connor's hot grounder and Jack stole second, Wilson's throw being too high. Zimmer reached first on balls and Tebeau, with his third safe hit, brought in O'Connor. Then Harry Hake shot one away over Connaughton's head for four bags, sending in two runs ahead of him.

Mike Sullivan pitched glit-edged ball in the second game, and the Clevelands, when they had men on bases, were powerless to solve his swift shoots. Wallace tried to repeat his good work at Saturday, but he was easier and the New Yorks hit him rather hard in the early stages. Kid Gleason was a big factor in helping saily to win. His two-bagger in the third field the score, and his marvelions running catch of Telecau's liner in the eighth saved a run that we lid have made the figures even up. Warner caught superoly, and the star plays of Joyce and lavis had the crowd by the earr. Capt. Tebeau, for he muffed an easy fly, when by catching it he could have put the side out. O Connor was fixed \$10.

on \$10. Surkett opened the game with a bunt and McKean rolled a slow one to Clark, who feli all over it. Child's sacrificed and Burkett ran in on McAler's fly to Connaughton. The New Yorks were gailty of some foolbardy base running in their haif. Van Haltren tried to take two bases on a short single and was easily caught. Tiernan followed with a safe drive to left, took secnan followed with a safe drive to left, took sec-ond on theason's out, and scored on Jovee's single. The New Yorks took the lead in the third, Van Haltren hammering out a base hit and counting on Gleason's two-bagger. Joyce's men got another run in the fourth which was a gift. Two men had been retired, when Tebeau muffed an easy ify from Con-naughton. Warner and Suillvan made hits and "Conny" came in.

ST. LOUIS S; BROOKLYN, 1-SECOND GAME.
When it was announced that Breitenstein would pitch for St. Louis in the second game the spectators expected that Payne would occupy the box for the home players, and every one was anxious to see the two great south-paw wirlers do battle. Manager Foutz, however, decided to let Kennedy have another chance to show his abilities. For four innings the spectators forgot all about Payne, as Kennedy did not allow the Browns to get a solitary hit while the home players had secured three hits. Two bases on balls and a single brought in a run for the Missourians in the fifth inning, but when the visiting players again took the bat they had a picule with Kennedy's curves. The score:

POLO AT PROSPECT PARK

BUFFALO WINS THE FIRST GAME IN THE "JUNIOR CHAMPIONSHIP,"

Seward Cary Scores Thirteen Coals as

Result of Clever Team Work-Philadel-phia Strong in the Third Period-Score, After a Long Game, 26 Goals to 16. In the "Junior Championships," as the handicap pole tournament at Prospect Park for the Riding and Driving Club prizes may be termed, for it precedes the scratch championship for the Astor gold cup, the competitors yesterday were the teams of the Country Club of Phila delphia and the Buffalo Country Club. The Buffalo team conceded two goals by handleap, but won very handily by twenty goals to ten. They showed the best polo, excelling decidedly in team work, for all sacrificed the desire for individual honors, and luck was also on their side. A notable instance of good luck was in the third period, when, in a scrimmage near the post, Stow's pony kicked the base through the goal, which counted for Buffalo under the rules The Buffalo men had the game safe at this juncture, however, and although lucky, they

were fairly entitled to the honors by their prowess. On account of the heavy scoring the game was not ended until 6:34:30. The delay and the long lead gained by Buffalo in the second period, caused the crowd that hung over the ropes to dwindle from 6,000 to about 1,000 persons, as the last goal was scored in the rapidly gathering darkness. To-day's game will be started a half hour earlier, at 3:30 o'clock, to obviate a similar delay, should as many goals

The spectators began assembling about the ropes as early as 3 o'clock. The ropes were placed further back from the field than last year, so that all could see without crowding. The field was about 900 by 500 feet, with barrier boards on the sides only. The throng was thoroughly excited by the play and demonstrative in a marked degree. Capt. MacNamara of the Park Police had three sections of his men on the ground, but although exuberant, the crowd was very orderly. The players were conveyed from the Riding and Driving Club, where they had donned their breeches and silk blouses. on a drag driven by Timothy L. Woodruff, who had Mrs. Woodruff, in a brown coaching costume, on a box seat, and the breaks of H. H. Salmon and Rawson Wood. Three mounted Park policemen were out-riders for the vehicles on the route to the field.

Play was started at 4:16 o'clock. The capable team game of the Buffalo men was the best feature of the first two periods. It showed that they will give to-day's winners a close game on Saturday. In this third period, in which Stow played three and Francke back, the Philadelphia team played very energotically, and it seemed as though the Buffalo men were a trife weary of the hot pace. They may, however, have simply been on the defensive, for they had the game safe, bar accidents. All the ponies were a good lot, but the Buffalo ponies had more speed, perhaps, than those of their rivals. Both Maltese Cat and Lightning did clever work for Seward Cary. Albert Francke played a dun gelding of his own and a bay borrowed from Mr. Roby, the latter one of the handlest ponies imaginable.

Not a penalty, for either fine riding or safety plays, was imposed during the match. In the play for the fifth goal, in the first period, Francke's dun tripped on a short turn and fell with his rider, who carried alight tokens of the contact with the turf on his right cheek thereafter, and, in the second period, Davis, just as Lippincott made his second goal, violently collided with a goal post, but no harm was done man or mount. These were the only accidents. The line-up was:

H. L. Herbert, Chairman of the Polo Association, was the referee, and W. C. Eustis and E. Willard Roby were the scorers and timekeepers. The first goal was made by Dr. Cary by a neat side stroke after the ball had been carried all the way from close to the Buffalo goal, where Lippencott had carried it from a scrimmage and almost scored. Open play followed for the second goal, Lippencott, after a good run on his gray pony, The Bull, sending the ball out to the left of the goal. gray pony. The Bull, senuma gray pony. The Bull, senuma left of the gual.

The Philadelphias kept the ball close to the

left of the goal.

The Philadelphias kept the bail close to the goal, and Lippencott was successful this time by an inside stroke, from near middle field. Francke and Stow had the bail in the play for the third goal, and would have scored a goal but for Dr. Cary's clever turn. Open play followed, Stow gaining the bail by a capital run from middle field, during which he carried the bail along by alternate strokes on each side of the pony. Each Cary aow made a goal, making the score pat, counting the handicap, at the end of the period.

Beginning the second period Francke's stroke from the throw-in was turned neatly by Dr. Cary, and the Buffalo men would have scored but for Stow, who proved a barrier that could not be passed as back. Brisk play on the right middle barrier followed for thirty seconds, when Dr. Cary had a chance, and he followed the bail on his fast roan and made the goal. The Buffalo men, playing the next goal, had the bail at the throw-in, but Stow turned it, and while Francke and McFauden rode off the rivals, Lippencott made a good run, hitting a long goal from near middle field. He again secored, at the eighth goal for this period, made in thirty seconds, when Sow struck ite ball rivals, Lippencott made a good run, hitting a long goal from near middle field. He again scored, at the eighth goal for this period, made in thirty seconds, when Stow struck the ball to Francke, at the throwin, who bassed it to Lippencott, who rode it past the posts, closely chased by Davis and Dr. Cary. The other goals were made mostly by Seward Cary. The Buffalo plan was to have Dr. Cary start the ball, when Thomas Cary and Davis would clear the way, leaving Seward to carry the ball through the posts. He was well up to his task, and no prettler rushing with the ball has ever been witnessed near this town. The period onded with the score 13 to 6 in favor of Buffalo.

Buffalo scored seven goals in the third period and Philadelphia four. Stow was very strong. One goal, a back-hander from nearly the middle field, was particularly clever. Seward Cary, on Maitese Cat, made the first three goals in a minute and a half, the Buffalo men continuing their clever supporting work. In all, Seward Cary had scored thirteon goals in the game, a showing that reveals the fine drilling of the team. The summary:

In to-day's game the Morris County Country Club players will be Harles, Headley, Henderson, and Flinsch. The Long Island team will be W. C. Eustis, Vingut, C. A. Stevens, and Roby, Eustis will play the poules mentioned in The Sun yesterday. Roby has Bline Rock, a gray gelding used four seasons; Roslyn, a bay gelding used four seasons; Roslyn, a bay gelding new this spring, and a perfect stamp, both handy and fleet: Captain, a bucaskin gelding, a veteran in the game, and two more new ones of much promise; The Rabbit, a bay gelding, and The Rat, a brown gelding. Stevens and Vingut have equally good ponies. The Morris County Country Club ponies will not reach Brooklyn until this morning.

Lawn Tennis Cracks at Toronto.

TORONTO, Sept. 1.-The open lawn tennis tournament of the Toronto Athletic Club began to-day with a number of entries from the crack players of the United States. Miss Juli-ette Atkinson of Brooklyn and her sister are entered in all of the ladies' events, while among those who will play in the men's events are (r. Sheldon, Jr., of Yale, L. E. Ware and M. D. Whitman of Harvard, J. P. Paret of New York, H. E. Avery of Detroit, and J. F. Foulkes, of British Columbia. L. F. Grant of the New York Tennis Club and his son are entered in the novice and handleap events, as well as the scratch singles and doubles. The first day's play developed little of interest, but to-mor-row's matches will probably produce more ex-citement. Summary: citement. Summary:

THE NEWPORT GOLF TOURNEY. Tyag and Toler Now Pavorites in the Four

NEWPORT, Sept. 1.- In the foursome play to day the weaker pairs fell out and to-morrow the real struggle is on. The Havemyers, the only Newport pair surviving, are naturally fa-vorites with the cottagers, but outsiders favor Type and Toler of Baltuarol, arguing that as they beat Lynch and Ward so decisively by seven up and five to play, after the latter had vanquished Newport's crack pair, Rutherfurd and Coats, they ought to have an easy thing to

The defeat of Rutherfurd and Coats by Lynch and Ward was the surprise of the day. Coats played his ordinarily strong game, but Rutherfurd was not as steady as usual, while the Lakewood pair drove and putted with the utmost confidence and accuracy. This match was closely followed by fully a hundred people, most of whom were greatly disappointed at the poor showing of the Newport men. The Havemeyer brothers, who are sons of Theodore A. Havemeyer, President of the United States Golf Association, are playing particularly well. They were not expected to win their first match, especially as the men from whom they won, Barker and Mauran, had beaten in the Barker and Mauran, had beaten in the morning Sorchen and Beach of Newport, who were considered superior to them. Fred Havemeyer played the better game. He is only 17 years of age. The greens, of which there was complaint on Monday, were really in good condition to-day as a result of a hard rain during the night, which left them reasonably soft and firm. Putting, therefore, almost a lost art on the opening day, was to-day the most interesting part of the play. The drawing for the last two rounds, made to-night, are as follows: Tyng and Toler of Baitusroi against Betts and Clark of Shinnecock, and H. O. and F. C. Havemeyer of Newport against Curtis and Murdock of Shinnecock. The summary of to-day's play is as follows:

or Spinnecock. The summary of to-day's play is as follows:

ASBURY PARK, Sept. 1.

Manitoba Field Club Trinis, MORRIS, Manitoba, Sept. 1.-The Manitoba Field Club's trials began to-day with the Derby. The young dogs almost without exception showed good natural qualities, but the early date of the trials gave too little time for the necessary preparations. F. Kenney's Maid of the Morn showed well in all things but steadiness. Gleinn, the contesting bitch, owned by Hobart Ames of Massachusetts, while not so fast, did well. But What was heavily handicapped by the unsteadiness of Maid; Harrister, owned by F. Kenney of Manitoba, lacked breaking, and H. Maybury's pointer Alabama Girl was handicapped on account of it. The third brace was Hursthourne Zip, owned by Norvin Harris, Louisville, and Hen Bondhu, owned by John Wootton of Manitoba. This proved the beat brace of the day. Zip is by the famous Tony Boy, and proved Linnelf zan excellent puppy. He is easily the best in the stake. Hobart Ames's setter bitch Christia ran against Delmonte Kennel's pointer dog Tony Works, and outworked him. The young dogs almost without exception

AUSPICIOUS OPENING OF THE AN NUAL SPRINGFIELD MEET.

Encing Confined to Trini Heats-Bald and Zeigler Fall to Qualify in the Record Race - Sanger, Gardiner, and Mennedy Show Qued Form in the Handleaps, SPRINGFIELD, Sept. 1 .- The great Springfield meet of '98 opened to-day. The morning was cool and windy, but the afternoon was slightly better, and the coming days promise to be favored with ideal Springfield weather. The attendance at the heats to-day was not as large as usual. This may be due to the fact that Springfield has not a champion this year. In former years it has been Hendes or Tyler, and Springfield people are loyal to home talent. But the field to day included a more representative gathering of American racing talent than has ever been gathered here before. Not a man of the prominent ones was missing.

One serious accident occurred to mar the day's sport. Berlo cut across the front of the field in the third heat of the two-mile handlean and in doing so brought to earth Nat Butler. Newton, Bliss, Rigby, and Coleman, Butler had his shoulder blade broken and will have to re tire for the season. Newton had three stitched taken in his face, but competed later on, as did Bliss, who was cut about the face. In the mile international heats this morning Sanger was placed officially, when as a matter of fact he did not qualify, Nat Butler and Cabanne beat ing him. This afternoon's heats developed a surprise

for Bald, the winner of the great race of the year in '95 and '94, who did not qualify Zeigler also failed. Bald is in none of the races of Thursday. He desired to enter the mile handicap this afternoon, and the referee and judges said "yes," but the club said "no." Bald and the clubmen had some words over the matter. John S. Johnson was present to-day, but not to ride. Kleer, who was also present, was not entered. In the two-mile handicap Sanger, Gardiner, and Kennedy qualified from scratch, and the

field being a representative one, another great race, such as that at Louisville or Sanger, on this track last year, may result.

The number of visitors in town for the meet is surprising, the hotels all being crowded to the very doors, while more are arriving on every

MILITARY RIPLE SHOTS.

core High in the New Jersey State Asso-ciation Tournament. SEA GIRT, Sept. 1.-This was an exciting day at the State range here. Not only were some of the scores large, but the competition among the various regiments and troops was spirited. It was feared early this morning that the strong

northwest wind would interfere considerably with the scores, but this was not the case. Five matches were scheduled for to-day, but only two were decided, darkness preventing a completion of the contest for the Columbia tropby. the National Guard and the regimental prizes. As early as 8 o'clock the ranges were occupied

with sharpshooters, and firing was continuous all day. The event of the day was the company match, open to teams from any State in the Union. There were twelve entries, including the Seventh and Twelfth regiments of New York. The first team of Company A, Engineer Corps, of the District of Columbia captured the first with the high score of 432 out of a possible 500. The First Battalion of Georgia was see end, only two points behind. The Georgia marksmen were compensated for

their defeat in this match by winning the car-bine contest, open to teams of five men each from any regiment in the country. The winning team represented the Georgia Hussars, and scored 282 on the 200 and 500 yards targets. The First Troop of New Jersey, gnown as the Essex Troop, was second, with a score of 261. It was the first time the Jersey men had shot together

as a team.

Gov. Criggs was at the ranges all day and did considerable shooting on the various targets. General Inspector of tiffe Practice Bird W. Spencer succeeded to-day in getting a score of 22 out of 35 in the members' match, and it is the general opinion that this score will not be beaten. The scores to-day were as follows: COMPANT TEAM MATCH, 10 SHOTS EACH, 200 AND 500 TARDS-GRONGIA HUSSARS.
